About Rotary International and the Rotary Club of San Diego

Rotary International, the world's first service club, was founded on February 23, 1905, by Paul P. Harris and three associates. Today, Rotary International, whose motto is "Service Above Self," includes more than 1.2 million members participating in some 32,000 Rotary clubs in more than 166 countries. The Rotary Club of San Diego, founded in 1911, is the sixth largest club in the world, and has a membership of more than 550 of San Diego's business and community leaders. The Rotary Club of San Diego, also known as the Downtown Club, has more than 60 volunteer committees that provide financial, material and human support to many charitable causes.
